What is 1UPToronto?

Urban Minds is hosting their first youth change-makers conference, 1UPToronto, on March 19th, 2017 at Ryerson University's DMZ Sandbox! We want to bring together a group of secondary school student leaders across Toronto for this exciting event. The conference will feature Toronto's key city-building influencers as guest speakers, along with interactive workshops, and a design jam to address real life challenges related to the topics of *play*, *eat*, and *move*.

Participants will learn about what is happening today with regards to public spaces, food equity, and transportation, what could happen in the future, and what they can do to be urban change-makers. Free admission; register at urbanminds.co.

Guest Speakers

Zahra Ebrahim
Doblin Canada
